Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

8. SHOWING

The enclosed statement will show that the delay in timely payment of the maintenance fee was unavoidable since reasonable care was taken to ensure that the maintenance fee would be paid timely and that this petition is being filed promptly after the patentee was notified of, or otherwise became aware of, the expiration of the patent. The statement must enumerate the steps taken to ensure timely payment of the maintenance fee, the date and the manner in which the patentee became aware of the expiration of the patent, and the steps taken to file the petition promptly.

9. PETITIONER(S) REQUESTS THAT THE DELAYED PAYMENT OF THE MAINTENANCE FEE BE ACCEPTED AND THE PATENT REINSTATED.

STATEMENT

(In the space below, please provide the showing of unavoidable delay recited in paragraph 8 above.)

See attached sheet for Statement.

(Please attach additional sheets if additional space is needed)

[Page 4 of 4]

STATEMENT (Page 4)

The attached Declarations of VICKI J. SHEPHERD, CAROLYN J. CAMPBELL, and MICHAEL KHOURI, along with the accompanying EXHIBITS for each Declaration, show that care was taken to ensure the timely payment of the first maintenance fee for U.S. Patent No. 6,408,979 and that non payment of the maintenance fee was unavoidable. Mahle did indeed make payment for the first maintenance fee, along with the government surcharge for filing within the grace period. Sturm & Fix LLP did have the matter on their docket, but through a series of mistakes did not timely pay the maintenance fee on behalf of Mahle. The patent became marked as ABANDONED in the Sturm & Fix LLP docketing system because of a series of unusual circumstances, especially rendering an invoice before payment by Mahle, and Mahle's payment of that invoice which zeroed out the accounts receivable report. Normally a credit would be showing in Sturm & Fix LLP's books and alert Sturm & Fix LLP that the maintenance fee payment had been made by the client. This credit showing would further alert the Sturm & Fix LLP staff that the required maintenance fee had not been paid to the Patent Office. Under the just mentioned scenario Sturm & Fix LLP's normal procedure would be to pay the maintenance fee, remove the client's payment from the trust account and issue an invoice to the client showing payment of the maintenance fee to the Patent Office. But, as explained in the attached Declarations, in this case the normal scenario did not happen, so Sturm & Fix LLP was not alerted in the normal ways that the maintenance fee had been authorized, but not paid to the United States Patent and Trademark Office.
